# DTRA Mission

---

**As both a *Defense Agency* and *Combat Support Agency*, DTRA provides cross-cutting solutions to enable DoD, USG, and international partners to:**

- **Deter** strategic attacks against the United States and its Allies
- **Prevent**, reduce, and counter WMD and emerging threats
- **Prevail** against WMD-armed adversaries in crisis and conflict

## **DEFENSE AGENCY**

In this more *strategic role*, we reduce global WMD and emerging threats by deterring adversaries' acquisition and use of such materials.

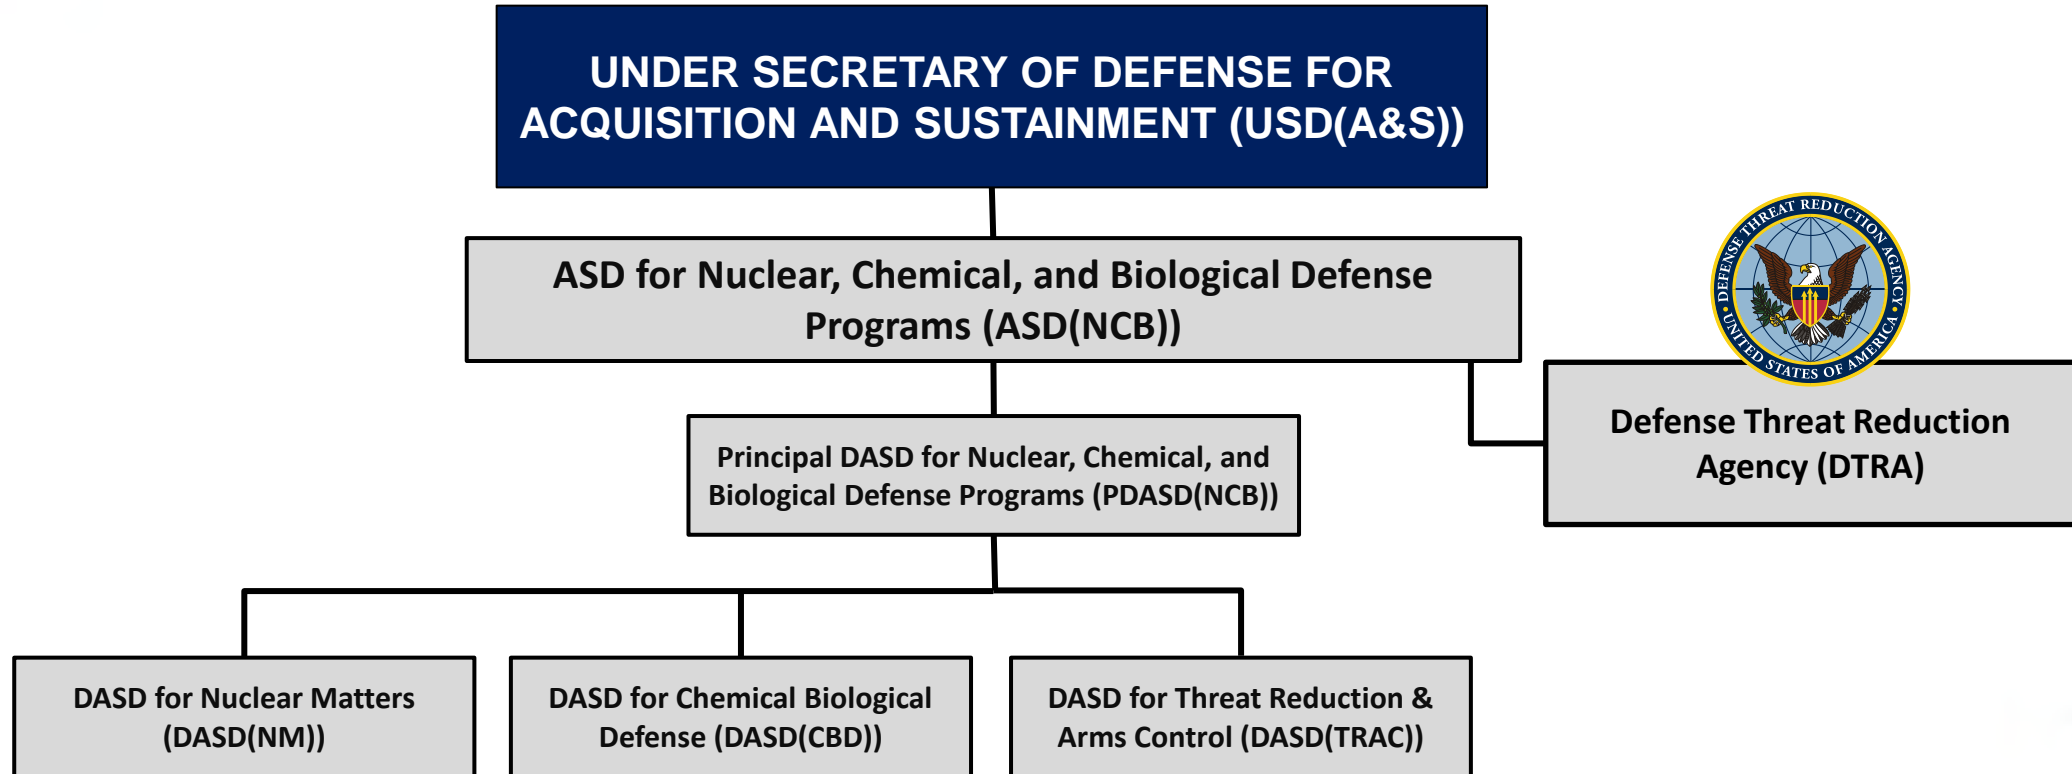

We support key DoD policy and priorities through cross-service, DoD-wide programs such as nuclear assurance, treaty support, and building partner capacity.

## **COMBAT SUPPORT AGENCY**

In this more *operational role*, we work to identify, develop, and field solutions to counter WMD and emerging threats, leveraging unique capabilities and expertise in direct support of Joint Staff and Combatant Command requirements.

# Alignment within DoD

# Essential Approaches

- **Posturing** - Forward-leaning approach that anticipates future threats and requirements

# DTRA Campaign: China

**Goal:** Prioritize, connect, and synchronize all PRC-focused activities within the DTRA portfolio to maximize impact against #1 NDS competitor

**Focus Areas:**

- Agency-wide analysis of PRC-related operations, activities, and investments
- Evaluate where, how DTRA (internally focused) must evolve to address PRC threat
- Identify organizational, geopolitical, resource and authority constraints and ways to mitigate
- Develop risk mitigation approaches within distinct lines of effort that bridge Agency Core Functions

*DTRA will develop similar campaigns against the NDS priority competitors.*

*As campaigns mature, DTRA will share the findings with our partners.*
